How to assemble your cardboard dragon. Start by cutting 1 inch wide strips of cardboard from one of your remaining box tabs. You will need 4. Glue these to the interior corners of your box. This will be used to attach your straps and it helps your box hold its shape. I scored my strips, but I don't recommend doing that.

Boy makes dragon, with a little bit (not much) of help. This is our first attempt at recording, editing and uploading so please excuse the quality.

Making a Chinese dragon part 1 the construction

If you can find boxes or cardboard that is already green, that would be perfect for this project. If not, you can just leave it plain or paint the dragon yourself with some green paint like this. Take one box, and cut out a portion of the front. I emphasized the line a bit here so you can see where I planned to cut.
