This is a list of state-owned enterprises of China. A state-owned enterprise is a legal entity that undertakes commercial activities on behalf of an owner government. Their legal status varies from being a part of government to stock companies with a state as a regular or dominant stockholder. There is no standard definition of a government-owned corporation or state-owned enterprise, although the two terms are often used interchangeably. The defining characteristics are that they have a distinc

Technically, China's "industrial subsidies" are subsidies granted by State-Owned Enterprises (SOEs) that do not fall under the concept of "public body" as understood by the WTO Appellate Body. Recall that a financial contribution in the sense of Article 1 of the SCM could be granted by a government in the narrow sense or by a "public body."

China's economy is never absent in financial media coverage over the past decade, when it was growing at an astonishing speed. Not even the 2008 financial crisis was able to slow it down. Now, confronted by the US trade war, China is facing enormous headwinds to continue furthering its success story. Among all aspects in China's economy, the struggle between State-Owned Enterprise (SOE) and Privately Owned Enterprise (POE) and their roles in China's ambition to spread its influence ...
