Last week we had the pleasure of dyno tuning Eric Straw's magnificent 1969 Datsun 2000 Roadster. Eric is a long time friend of Z Car Garage and we first dyno'd this roadster in 2012 while a few years later we enjoyed tuning his RB26DETT powered DR30 Skyline. In addition to being a talented fabricator it is clear that Eric has a penchant for white paint, red valve covers...and turbocharged ...

Where a Datsun roadster would actually be a very cool oddity. 2) while Miata sounds nice, I would honestly also try to find a Nissan powertrain to do that swap. I've not studied the engine swap classes recently, but if you really think autocrossing is more your future than road racing, the whole "Street Mod" structure was around same OEM swaps.
