Day trading is a set of trading techniques where a trader buys and sells multiple times in the market over the course of a day to exploit volatility and trends in the asset's intraday price.

How to Choose Stocks for Day Trading - Investopedia

Why is Boot Barn one of the best day trading stocks? Mostly because the stock is inexpensive and fairly reliable. The stock price tends to stay within the \$10 to \$50 range. That range should appeal to any day trader. The stock is cheap enough that beginners can afford to buy it without taking on as much risk as say Berkshire Hathaway. And when you know the stock price's history and tendencies, you can make educated guesses about when to buy and sell.
