### Insurance And The Law Of

Definition of Insurance Law. In order to understand insurance law, it is useful to understand insurance first. Insurance is a contract in which one party (the "insured") pays money (called a premium) and the other party promises to reimburse the first for certain types of losses (illness, property damage, or death) if they occur. Insurance law falls into three major categories.

### What is Insurance Law? - FindLaw

Insurance law is the collection of laws and regulations that relate to insurance. Insurance is a contract between two parties. It transfers the risk of loss to the other party to the contract in exchange for a fee called a premium. Insurance laws and regulations manage and control how insurance contracts are formed and enforced.

### What is Insurance Law? | Becoming an Insurance Lawyer

Insurance law is the practice of law surrounding insurance, including insurance policies and claims. It can be broadly broken into three categories - regulation of the business of insurance; regulation of the content of insurance policies, especially with regard to consumer policies; and regulation of claim handling.

### Insurance law - Wikipedia

The Patient Protection and Affordable Health Care Act, also known simply as the Affordable Care Act or "Obamacare," is a sweeping set of federal laws designed to increase the quality and affordability of health insurance, lower the rate of uninsured Americans by increasing public and private insurance coverage, and reduce the costs of healthcare for both individual citizens and the government.
