The Art Of Manipulating Fabric

The possibilities for three-dimensional manipulation of fabric - gathering, pleating, tucking, shirring, and quilting woven materials - are seemingly endless. To describe them all would be to describe the entire history of sewing. In *The Art of manipulating Fabric*, Colette Wolff has set herself just this task,

This is a solidly comprehensive volume on virtually every kind of physical fabric manipulation technique I've seen, from the most basic and pragmatic to the most gorgeously couture and complex. High in detail and chock full of great tips, as well as many pictures, this is a wonderful book for beginners and advanced seamstresses alike.
